THE MIRACLE OF ST. JOHN, KIRON AND FAITH, DELOIT

Some time ago Pastor Mark Hansen and his wife Lynelle went to South Korea and spent some time there. They had the privilege of meeting Rev. Patrick O'Neal and his dear family serving the Lord Jesus in this area of the world. Little did they know that Pastor Hansen's congregations would be "INSTRUMENTS" of doing an amazing project. Their response is a wonderful example for others.

Yes, members of Faith Lutheran, Deloit and St. John Lutheran, Kiron stepped up to the plate and found out that the "most urgent need" in North Korea...yes, NORTH KOREA, was the need for greenhouses that would enable the people to grow vegetables and crops year-around to feed their poor people, and also provide income for them. North Korea and its people have suffered from the drought and floods. The supply of food is short. The greatest blessing of all would be that someone would help provide a GREENHOUSE for them.

The words of the Lord on the Last Day became clear, "I was hungry and you fed me"! The poorest of poor people in North Korea need help, and through this gift they will see the love of the Lord Jesus! In just a few short weeks these congregations provided a total of \$15,000.00 to complete an entire GREENHOUSE in North Korea.

Pictured here is Rev. Mark Hansen, Mr. Abe Gronau, President of St. John's, and Mr. Randy Schuett, President of Faith, and they are holding photographs of the exact type of greenhouse that will be built in North Korea. Members of the congregations gathered for this special event in signing the "Official Adoption Agreement" for this project on Saturday afternoon, February 21, 2009. It was a day that these congregations will long remember!
