## Walking in the Mission Field

How's the walking going? If you were fortunate enough to be at the Iowa District West LWML Convention this summer you would have heard Bible studies on the theme Redeemed, Renewed and Ready. As redeemed children of God we are now ready to go and share the saving message of Jesus with others.

Sometimes we need a reminder to "get up and go" and do the walking in the mission field. That's why LCEF gave away pedometers at their booth. It's a known fact that people who wear pedometers take more steps in a day than people who don't wear them. Our hope and prayer is as people wear their pedometers it will be a reminder to "get up and go" for their physical health and go share their faith for someone's spiritual health. We would love to hear your stories of "walking in the mission field" so we can share them on our Web site that it may be an encouragement to others! Send your stories to [ruth.gerken@ialcef.org](mailto:ruth.gerken@ialcef.org).

## Demographics

Do you know your mission field? LCEF's Demographic Services, MissionInSight, offers your congregation or organization up-to-date population data and resources to help you understand and reach the households in your surrounding community. Contact Carole White for more information.

## Joyful Response

Joyful Response is a free, electronic stewardship program offered to the organizations and members of The Lutheran Church—Missouri Synod allowing the easy and convenient method of electronic deposits of offerings, tuition payments, and donations. Contact Carole White for more information.
